The Ideal Solution

1

Enhancing PeopleSoft for non-credit programs

- ACE overcomes the long-standing challenge of providing a fast, easy, and user-friendly way for students to admit, enroll, and pay for their non-credit courses all within Campus Solutions.

2

Admit -to -Pay in ONE single transaction

- ACE allows institutions a simplified mechanism to support the enrollment life-cycle from admit-to-pay for all course offerings in Continuing Education, Professional Studies, Workforce Development programs.

3

Built using PeopleTools as its foundation

- The ACE process (Admit, Enroll, and Pay) not only utilizes the wizard feature of the self-service module in PeopleSoft, but also the principles in the delivered functionality of the Quick Admit and Quick Enroll components inherent to Campus Solutions.

Quick Facts about ACE

- ACE plugs directly into the PeopleSoft Campus Solutions environment without altering the underlying table structure.
- Easy to apply and maintain while retaining the same look and feel as delivered PeopleSoft applications.
- Third party payment vendors such as TouchNet and CashNet can be used to integrate with ACE.
- Designed to fit easily within most operating budgets - no service or maintenance fees attached.
